English

Braun Clean&Charge has been developed for cleaning, charging and storing your shaver. Clean your shaver daily in the Clean&Charge.

During the automated cleaning process, the shaver is switched on and off at intervals to obtain best cleaning results. Since the specially formulated cleaning fluid contains a small amount of oil, the cleaning procedure also fulfills the lubrication needs of the shaver.

Important

- Only use the power supply cord set supplied with the shaver.
- In order to avoid any leakage of the cleaning fluid, place the appliance on a flat, stable surface or use the wall holder (not included in all versions). Do not tip, move suddenly or transport in any way if a cleaning cartridge is installed.
- Do not place the appliance in a mirror cabinet, nor store it over radiators, nor place it on polished or laquered surfaces. Do not expose to direct sunlight.
- The appliance contains highly flammable liquid. Keep it away from sources of ignition. No smoking. Keep out of reach of children. Do not refill cartridge. Use only original Braun refill cartridge.
- When cleaning the shaver, its protection cap should be removed.

A Description

- 1 Lift button for cartridge exchange
- 2 Contact bow
- 3 Release button
- 4 Operation mode selector
- 5 «clean» light:
cleaning process indicator
- 6 «charge» light:
charging process indicator
- 7 «cartridge» light:
cartridge replacement indicator
- 8 Cleaning cartridge

Wall holder

(not included in all versions)

Mount the wall holder with plugs and screws to a smooth wall so that the standing surface for the Clean&Charge is horizontal.

Technical specifications

- Power consumption:
3 W when cleaning
7 W when charging
- Power supply: 100-240 V \approx /50 or 60 Hz (automatic adaptation)
- Input voltage: 12 V

B Before using Clean&Charge

First charge:

For the first charge of the shaver, connect the power supply cord set directly to the shaver, charge it for 4 hours and shave at least once.

Only then can the shaver be cleaned or recharged in the Clean&Charge.

If the rechargeable battery is discharged, select the combined «clean» + «charge» programme rather than the «clean» programme alone.

Installing the cartridge

- Press the lift button (1) to open the housing.
- Hold the cartridge down on a flat, stable surface (e.g. table). Carefully remove the lid from the cartridge. Slide the cartridge into the base as far as it will go.
- Slowly close the housing by pushing it down until it locks.

Replacing the cartridge

After having pressed the lift button to open the housing, wait for a few seconds before removing the used cartridge.

Before discarding the used cartridge, make sure to close the openings using the lid of the new cartridge, since the used cartridge will contain contaminated cleaning solution.

C Operating your Clean&Charge

- Connect your Clean&Charge with the cord set to the mains electricity supply. Open the contact bow (2) by pressing the release button (3). After shaving, switch the shaver off and place it upside down into the Clean&Charge. The swivel head must not be locked (switch «head lock» position down).
- Select the operation mode by toggling with the mode selector (4):
«clean» (about 15 min)
«clean» + «charge» (about 75 min)
«charge» (about 60 min)
The corresponding lights will come on. (With cord shavers, only the «clean» function can be selected.)
- Slide down the contact bow (2) to connect the shaver and to start the selected programme. If no programme is selected, the default function «clean» will be started.
- Do not interrupt a running programme, as it leaves the shaver wet and not fit for use. If interruption is needed nonetheless, press the release button (3).
- After a programme has finished, the corresponding light will go out. If later on, the charging light of the shaver comes on again, this indicates that the shaver is being recharged to maintain its full capacity. Prior to the next shave, press the release button to release the shaver.
- When the «cartridge» light starts flashing, the remaining fluid in the cartridge is sufficient for about 5 more cleaning cycles. After these 5 cycles, the cleaning performance will be reduced and the cartridge has to be replaced.
- When the «cartridge» light illuminates constantly, the cleaning function is locked and a new cartridge has to be installed. Only then, the next cleaning cycle can be started.

- A cleaning cartridge should be sufficient for about 30 cleaning cycles. With daily use, the cleaning cartridge should be replaced approx. every 4 weeks.
- The hygienic cleaning solution cartridge contains alcohol which, once opened, will naturally evaporate slowly into the surrounding air. Each cartridge, if not used daily, should be replaced after approx. 8 weeks.
- Do not leave the appliance plugged-in without the shaver inserted.
- Clean the housing from time to time with a damp cloth, especially the opening where the shaver rests.

Subject to change without notice.

This product conforms to the EMC-Requirements as laid down by the Council Directive 89/336/EEC and to the Low Voltage Regulation (73/23 EEC).

Garantie

Als Hersteller übernehmen wir für dieses Gerät – nach Wahl des Käufers zusätzlich zu den gesetzlichen Gewährleistungsansprüchen gegen den Verkäufer – eine Garantie von 1 Jahr ab Kaufdatum. Innerhalb dieser Garantiezeit beiseitigen wir nach unserer Wahl durch Reparatur oder Austausch des Gerätes unentgeltlich alle Mängel, die auf Material- oder Herstellungsfehlern beruhen. Die Garantie kann in allen Ländern in Anspruch genommen werden, in denen dieses Braun Gerät von uns autorisiert verkauft wird.

Von der Garantie sind ausgenommen: Schäden durch unsachgemäßen Gebrauch, normaler Verschleiß und Verbrauch sowie Mängel, die den Wert oder die Gebrauchstauglichkeit des Gerätes nur unerheblich beeinflussen. Bei Eingriffen durch nicht von uns autorisierte Braun Kundendienstpartner sowie bei Verwendung anderer als Original Braun Ersatzteile erlischt die Garantie.

Im Garantiefall senden Sie das Gerät mit Kaufbeleg bitte an einen autorisierten Braun Kundendienstpartner. Die Anschrift für Deutschland können Sie kostenlos unter 0800/ 27 28 64 63 erfragen.

English

Guarantee

We grant 1 year guarantee on the product commencing on the date of purchase. Within the guarantee period we will eliminate, free of charge, any defects in the appliance resulting from faults in materials or workmanship, either by repairing or replacing the complete appliance as we may choose.

This guarantee extends to every country where this appliance is supplied by Braun or its appointed distributor.

This guarantee does not cover: damage due to improper use, normal wear or use as well as defects that have a negligible effect on the value or operation of the appliance. The guarantee

becomes void if repairs are undertaken by unauthorised persons and if original Braun parts are not used.

To obtain service within the guarantee period, hand in or send the complete appliance with your sales receipt to an authorised Braun Customer Service Centre.

For UK only:

This guarantee in no way affects your rights under statutory law.

Garantie

Garantie

Nous accordons une garantie d'un an sur ce produit, à partir de la date d'achat.

Pendant la durée de la garantie, Braun prendra gratuitement à sa charge la réparation des vices de fabrication ou de matières, en se réservant le droit de décider si certaines pièces doivent être réparées ou échangées, ou encore si l'appareil lui-même doit être échangé.

Les dommages occasionnés par une utilisation inadéquate ou rangement (branchement sur courant continu, erreur de voltage, prise inappropriée, choc, l'utilisation de détartrants vendus dans le commerce, le rangement du fer avec une semelle humide), l'usure normale et les défauts ne portant préjudice ni au bon fonctionnement ni à la valeur de l'appareil excluent toute prétention à la garantie.

La garantie devient caduque si des réparations ont été effectuées par des personnes non agréées par Braun et si des pièces de rechange ne provenant pas de Braun ont été utilisées.

La garantie ne sera valable que si, la date d'achat ainsi que le cachet et la signature du magasin figurent sur la carte de garantie et la carte de contrôle.

Cette garantie est reconnue dans tous les pays où Braun ou son distributeur exclusif commercialise l'appareil et où aucune restriction d'importation ou règlement officiel n'empêchent d'assurer le service prévu par la garantie.
